Does your RX form list include TCS Unbreakable, iFlex, and/or Karadent?: Yes ☐ No ☐ If yes, which? _____

Submitting Your Virtual Case

Below is a step-by-step guide for correctly documenting and submitting your TCS case for consideration.

Step 1: Application Submission

Thank you for your interest in becoming a Certified TCS Laboratory. To complete the application process, you will need to fabricate a TCS partial or denture using one of the three TCS resins (Unbreakable™, iFlex™, or Karadent™). You may use your own tools to finish and polish the case. Be sure to produce your best work as you will need to document your case and submit the videos/photos for your application to be approved. Before sending your images, verify that your application has been submitted.

Email Manny to verify that your application has been submitted or submit your application with Manny.

Sales@tcsdentalinc.com

Step 2: Understanding the TCS Certified Lab Case Rubric

TCS will use a 4-point scale to score your case under the following criteria.

- 4 – Excellent Craftsmanship
- 3 – Good Craftsmanship
- 2 – Craftsmanship needs improvement
- 1 – Bad Craftsmanship

Criteria	Notes	Score out of 4
Presentation:		____/4
Design:		____/4
Buccal:		____/4
Lingual:		____/4
Palate:		____/4
Clasp:		____/4
Fit:		____/4
Finish:		____/4
Polish:		____/4

Step 3: Documenting Your Case – Images

Our team will need a minimum of 5 images of your case. Cases will only be evaluated if the following images are provided. Below are examples of the angles we require. Any additional images are not required but always welcomed.

Step 4: Documenting Your Case - Videos

Our team will need a minimum of 2 videos of your case. Cases will only be evaluated if the following videos are provided. Any additional videos are not required but always welcomed.

1. Document the case fitting to the model. Be sure to capture the snap to the model.
2. With the appliance fitted to the model, rotate the case, and capture every angle of the case. Be sure to move slowly and focus on all the details.

Step 5: Submit Images

Verify that your application has been submitted and text all media (photos and videos) to Manny with the name of your laboratory and/or the name on your application.

562-241-1225

Step 6: Zoom Evaluation

Once you have submitted everything, please wait for our team to contact you to set up a Zoom Evaluation with our team. During the Zoom Evaluation, we will walk through your rubric scores and accept or deny your application accordingly.
